We are looking forward to welcoming you to your veterinary physiotherapy course at Writtle University College. This equipment list will give you an idea of what you will need to start your course.

Equipment

- Pens, pencils, paper and folders for note taking
- A suitable laptop for your studies. For further consideration, please check our [Student Laptop Recommendation](#) page

Extra costs

The optional annual trip for two students to UmPhafa Wildlife reserve will have an additional cost of £1800.

Suggested Reading

Many students ask us to recommend books for them to buy or read before they start. All the books that you will need are available from the library once you are here so there is no need to rush out and buy any. Each module will have a suggested reading list including a number of books and as you progress through the course you will be encouraged to use less books and more journal articles in your reading, which again are available through the library.
