

Already have a degree but want to retrain?

Our Agricultural, Sustainable Food and Horticulture degree courses are eligible for limited student finance funding.

Find out more:

www.gov.uk/student-finance/who-qualifies

Thought that a second degree wasn't possible due to not being entitled to student finance funding? Think again!

Our **Agricultural, Sustainable Food and Horticulture** degree courses are eligible for limited student finance funding meaning that you may be able to get a student loan to fund your second degree.

You may be able to get help with:

- Your tuition fees and living costs
- Your tuition fees

The type of help you can get depends on your nationality and residency status.

- Study on our fantastic rural campus in Chelmsford, Essex
- There's never been a greater need for professional experts in Agriculture and Horticulture
- Join us and join the modern professionals making a difference

Book onto one of our online webinar events to find out more about these courses:
